

QUIZ 2 RESULTS
Wednesday, April 13, 2005

- Solutions to the quiz are available in the exams section.
- *Regrade Policy:* Students who feel there is an error in the grading of their quiz have until **Wednesday, April 20** to submit the regrade request to their TA. **Do not write anything at all on the exam booklet!** Instead attach a note on a separate piece of paper explaining the putative error. Any attempt to modify a quiz booklet is considered a serious breach of academic honesty. We photocopy a substantial fraction of the quizzes before they are returned, implying there exists a nonzero probability of us catching such a change. We also reserve the right to regrade the entire quiz, not just the problem with the putative error.
