

## Problem Set 8

*Answer 'yes' or 'no' unless otherwise indicated.*

Does McKinsey (in "Anti-Individualism...") hold that:

1. Davidson defends the traditional version of privileged access?
2. it is knowable only a posteriori that Paris Hilton exists only if Kathy Hilton exists?
3. externalism should be formulated in terms of metaphysical entailment?
4. if (2b) and (3) are true, (1) is false?
5. externalism is obviously true?
6. Does Brueckner (speaking on behalf of the externalist or "anti-individualist"), claim that the proposition that Oscar is thinking that water is wet fails to conceptually imply that Oscar inhabits an environment containing H<sub>2</sub>O but not XYZ?

Does Nagel (in "What is...") hold that:

7. it makes no sense to suppose that there are facts we could never know?
8. Argument D, as reinforced by Kripke, has true premises?
9. Martians would not be able completely to master our physics?
10. the identity theory is obviously false?
