

STS 036
Industrial Landscapes
Fall 2004
Midterm Exam

From the following list of twelve terms, choose ten upon which to write a short, defining paragraph. In your paragraph you should define the term, identify its historical time period, and the context in which the term was used. Be sure to include any factual material (e.g., names of people or places, specific events related to it, etc), as well as the relevance of the term to "industrial landscapes." 10 points each.
