

### **Questions for Class Discussion for lecture #10.**

1. To what extent did the planning process for the airport project parallel the "Seven Step Model of Planning Practice?" why or why not?
2. How did the scale of the plan affect the planning process?
3. In what ways did the institutional set-up (the existence of competing and overlapping jurisdictions for the MCMA) affect the planning process?
4. How does social protest shape the ability of planners to perform effectively?
