

Group Project Questions to be presented for lecture #11

You are the Planning Director for the Federal District of Mexico City. You have to answer these questions:

- 1.) What went wrong with the planning process (for the new MCMA airport) and why?
- 2.) What could have been done to avoid those problems?
- 3.) How would you articulate the metropolitan area's urban development priorities for the future?
- 4.) What would it take to coordinate your efforts with your counterparts on the regional (State of Mexico and other surrounding states) and national levels?
