I. Intellectual Property Notice and License Form for 11.204 Students

The instructor for 11.204, Planning, Communications, and Digital Media, is participating in MIT's OpenCourseWare (OCW) initiative. The OCW initiative represents a commitment by the faculty to enhance education by increasing access to academic information through the World Wide Web. Since the students currently enrolled in 11.204 have agreed to post their names as well as links to their work on the OCW site, the instructor must document that each student has voluntarily chosen to participate in the MIT OCW program.

- Please read, sign and return the completed form to Liou Cao (folder outside 9-530)
- If you have any questions, contact Tammy Cupples the OCW Faculty Liaison

II. Where are we and where are we going?

- Transitioning from constructing visual arguments (Part One) to spatial data representation (Part Two)
- Lab 2 due on Week#3
- Lab 3 starts on Week#3; due on Week#3.
- Contact teaching assistants for one-on-one time
