

Dave's 2.ThA End of Term Questions, Fall 2005, Part 2 (Turn page for Part 1.)

What additional topics, activities, or assignments should be added to 2.ThA?

What other changes should be made to 2.ThA for next year/semester?

How much 2.ThA CI-M classwork had no bearing on your thesis?

How difficult was it to find a thesis advisor & project? If finding a thesis advisor was difficult, why was the task difficult? How could 2.ThA and/or the MechE department better help students find thesis advisors?

How has 2.ThA affected your confidence in your ability to successfully complete your thesis? How do you measure/discern this effect?

To what degree did 2.ThA cover material you had already covered at MIT? Which courses provided the redundant content?
