

**Style Research  
Homework  
21M- 734**

Your research topic is **Film Noir** (you must decide why this is relevant to a discussion of theatrical styles).

Prepare a 5-7 minute oral presentation on the subject to present in class on **Oct. 30<sup>th</sup>**.

Define the pertinent dates, names, places, and players. Discuss the influences in both directions ( ie both who was influenced *by* this style or theatre artist, and who or what influenced the emergence of this style or artist.)

Include information (and pictures whenever possible) of any particular productions that are examples of the style, as well as any playwrights whose work is frequently associated with it.

Bring lots of pictures/visual show & tell for your presentation.

**Make it interesting!!!** This is an exercise for your powers of oral presentation and coordinating and explaining your research, as much as on the subject matter itself.
