Overview of the 21W.732 design process for design project I

Conceive:
- steady rain of your ideas
- steady rain of your colleagues' ideas
- selection criteria filter
- peer review experience expertise
- done in class sept 9
- for sept. 13 & 14

Design:
- functional requirements
- design parameters
- analysis (BoT/Cs)
- analysis experiment
- feedback
- reds
- countermeasures
- done in class. sept 14

Implement:
- proposal

Evaluate:
- sept 21
- sept 28
- report
- proto
- sept 29
- clean up

Insight:
- your ideas
- your colleagues' ideas

Energy expenditure:
- FRDPARRC distillation

DONE IN CLASS SEP. 9
DONE IN CLASS SEP. 14
