Please e-mail us if you have any questions or comments about this product:

This short survey will help us with the redesign of the coffee cup carrying tray so that it can better accommodate your needs.

1) Do you have as many spills as you used to have? Were there any accidents with loading or unloading the cups?

2) Does this product seem too flimsy or overly strong? Is this product cleanable? Any comments on materials selection?

3) What was the students’ reaction to the product? What alternate uses (if any) did the students come up with for this product?

4) Was the slot in the handle used for a specific purpose?

5) How could the product be made more comfortable?

6) How much would you pay for this product?

7) Are there specific complaints with or comments about the product?
