Jason Ku origami designs

different materials:
- dollar bills
- cardboard (tubes)
- Hydro-Folding
- sheet metal
- polypropylene (in tessellations below)

origami tessellations
- Tess software

**PROJECT**: improve/extend interface, port to web, generalize to spiderwebs, 3D animation (via Rigid Origami Sim.?)

connected cranes (similar to tessellations & modular)

modular origami

business card cube folding [HANDS ON]
