

Technology Policy Organizations

Session 2:

Organizational Assumptions and Technology Policy Stakeholders

Joel Cutcher Gershenfeld

Industries Selected and Tasks

Industries:

- **Aerospace**
- **Electric Utilities**
- **Geospacial**
- **Health Care**
- **Telecommunications**

Tasks:

- A. Confirm Membership
(exchange contact information)
- B. Confirm Policy Issue/Challenge
- C. Confirm Stakeholder List

Collecting Data on Field Projects

- “Good Camper” Principle:
 - » Leave the woods in at least as good shape as you found them
- Preparation for stakeholder interview:
 - » Develop a short (2-3 paragraph) project overview
 - » Develop a protocol with approx. 3-7 key questions (used by all members of the industry group)
 - » Identify individual(s) to interview
 - » Schedule time for the conversation (30 min. minimum)
 - » Take good notes – including key quotes
 - » Ask follow-up questions
- Be sure to consult with a broad range of print and electronic secondary sources
