

Descriptive But Brief Title

Your Name

Your Research Group

If this is sponsored research, acknowledge the sponsor here (and also anyone else who has been a major helper)

Overview of the presentation

- Background
- Your contribution
- Results
- Conclusion

Background

- What's the problem/idea?
- Why should anyone care?
- What's been done before, and by whom?
- What are you doing that's new, and what makes you think it's a good idea?

Your Contribution

- Explain here what you're doing, and how it fits into the whole project

Results

- What happened?
- What did you learn?

Conclusion

- Wrap up what the audience should take away
- What's next?
