Bridge With Rider

12 musical vignettes for the audio guide for children of the new Franz Marc Museum in Kochel am See, Germany

for 2 clarinets

2008

The 12 vignettes are performed one after the other, without breaks. However, the players choose the order in which they want to play the pieces themselves. In the course of a performance individual pieces can be repeated any number of times, though not immediately. The number of repeats of the individual pieces does not need to be the same for all pieces during one performance. The duration of a performance should be at least 13 minutes.
