Lecture Overheads: Presentations

Communication for Managers
15.279
Fall 2012
You only need to think about 6 things to make a great presentation!
1. Create a strategy and use it to inform your structure
2. Respect the medium

• Use signposts

• Make transitions explicit

• Include markers (1, 2, 3)

• Tell anecdotes

• Rely on repetition and redundancy

• Create images
3. Focus on the introduction and conclusion
4. Polish delivery

Both the verbal and non-verbal components
5. Use Visual Aids Effectively
